

Work share Collaboration Survey

Data Report

- 1 Which of these are/were concerns for you about implementing SharePoint as your document/content repository?
There were more smartphones sold than PCs in 2011 and forecasts for Tablet sales are predicted to be £242m by 2015. Does your organisation plan to grant business users access to corporate documents and content repositories on mobile and tablet devices?
- 2 Thinking about how internal business users (such as employees, internal project teams, HR, finance functions) and how they use collaboration technology, which of the following would you expect to be their preferred tool sets?
- 3 Thinking about how employees might collaborate externally for example with partners, customers and clients, what would you expect to be their preferred tool sets?
- 4
